

Dear Families and Friends,

We are living through incredibly difficult days that have required us Little Sisters to take drastic measures in all of our Homes.

As you probably know by now, **we have had to restrict all non-essential visitors from entering our Homes.** This includes all volunteers, Jeanne Jugan Associates who are not employees, friends of the Home and **most importantly, the Residents' family members and friends.**

We are sorry for the inconveniences these restrictions have and will cause, **but we want to assure you that we Little Sisters of the Poor are here for the Residents and for you. We remain fully committed to providing for the comfort and safety of each and every Resident in our Home and to keeping their families informed.**

For Resident family members, please call your loved one anytime, and do send them cards and messages. You may also call the Little Sister responsible for your loved one's care or the Home's social worker for updates.

We will keep you posted of any changes in your loved one's condition.

For volunteers and friends of the Home, thank you for your prayers and offers of support. We will let you know if there is anything you can do to help. In the meantime please keep up the prayers and feel free to send notes or cards to the Residents.
