

June 22, 2020

Dear Resident Families,

I pray that you all continue to be healthy and well! We continue to have no cases of Covid-19 here at Mullen Home, both with Residents and staff. We are extremely blessed and thank you all for your thoughts and prayers.

We are still waiting to hear from the Governor's office on the State of Affairs regarding family visitation on the property. Currently, we are still not able to have visitors come onto the property, except in the case of end of life situations. You may have seen on the news where there are long-term care homes that have been having non-essential visitors on the property. We have contacted Colorado Department of Public Health and Environment and we have been informed that these situations have not been approved at this point. We are also still waiting to hear more about the beauticians and barbers being allowed to come into the Home as well. We all are anxiously waiting for that day to arrive (hopefully in the near future!).

God bless all of you for your kindness and patience!
