

June 1, 2020

Dear Resident Families,

We have another Covid-free week at the Mullen Home! We are very grateful to all of you for your continued patience and prayers!

Although you may have heard that nursing homes are beginning testing for the Covid-19 virus, we are not expecting to be testing our Residents and staff for some time. We are waiting to hear from Colorado Department of Public Health and Environment to receive further direction. Meanwhile, we continue to help our staff and Residents with social distancing, wearing masks and hand hygiene daily. We believe that we will continue to stay healthy with everyone being so cooperative.

Thank you to everyone for understanding our visitation restrictions. We continue to encourage you to visit your loved ones at the back fence (old entrance) on 30th Avenue. Safety is very important for all of us and we hope you understand that we still need to respect the rules of social distancing when visiting your loved ones. This social distancing rule is for everyone's protection, including the frail Residents who live in the nursing home and might be exposed to someone indirectly who is visiting on the outside of the Home.

God bless you,

Mother Mercy, L.S.P.
