

January 20, 2021

Dear Families and Friends,

Greetings from the Mullen Home, where our Residents continue to inspire us Little Sisters with their sunny dispositions, even in the midst of the winter cold and this long pandemic...

Since my last communication, we have received three more positive test results from our routine, twice-a-week Coronavirus testing — one Resident (who is showing no symptoms, thanks be to God), and two more staff members (who, unfortunately, have symptoms of the virus and are out of work on quarantine). Please keep them in prayer.

As you know, our first Coronavirus vaccination clinic went well. There have been no unfortunate reactions to the vaccine, and we are very excited to be scheduled for our second and final dose next Tuesday, January 26th. We thank God for the skill and inspiration of our scientists who were able to develop such a safe and effective vaccine so quickly, and we look forward to the difference that it will make in our country and in our world as more and more people get vaccinated.

We pray for all of you and count on your continued prayers for us. We are so grateful for your many kindnesses toward us, even in spite of the quarantine which does not permit us to welcome you to our Home or thank you in person right now; you still do not forget us! May the good Lord bless each of you with good health, and with His peace and His grace.

Sincerely,
Mother Mercy, lsp
