

June 1, 2021

Dear Families and Friends of our Mullen Home Community,

Greeting from all here at the Little Sisters!

As I settle back in here at the Mullen Home, where I spent several happy years in the past, I am pleased to be able to tell you that we continue to be free of Coronavirus among our Residents, staff, and Little Sisters.

We are looking forward to updates which are expected soon from the State Health Department in regard to an adjustment in some of the restrictions, and we will be sharing those with you once they are finalized.

As always, we thank you for the support and understanding that we have been given by so many during these challenging times. May the beauty of these early summer days lift your hearts as we all look forward to the blessings to come!

Sincerely,  
*Mother Paul*
