

March 16, 2022

Dear Families and Friends of our Mullen Home Residents,

Since the last update the Home has remained in outbreak status related to multiple positive COVID-19 cases within the Home. We have all been so hopeful we would be able to be COVID-19 free amongst staff and residents, but we have experienced a number of cases. It has been with God's blessing none of the Home's COVID-19 cases amongst residents or staff have been fatal and all have experienced only mild symptoms. The COVID-19 booster shots have proven to provide an added layer of protection. The COVID-19 booster shots also proved to reduce the chances of hospitalization related to COVID-19 and milder symptoms of those that do contract COVID-19 and are boosted and up-to-date on their vaccinations. Please be encouraged to obtain the COVID-19 booster shot if you are eligible in order to do your part in the fight against COVID-19.

We are all looking forward to Spring, as it is quickly approaching here in Colorado. With Spring comes beautiful weather, which in turn will hopefully boost the spirits of all the residents and staff here at the Home. With the blooming of spring flowers soon, we pray that we bloom into the direction of ending this COVID-19 pandemic, not just here in Colorado but everywhere around the nation.

We pray for healing, comfort and peace in the months ahead. Lord please hear our prayers and provide us the strength and endurance to continue the fight against COVID-19.

God bless you all.

United in prayer, Sr. Sarah, lsp
